

The Consulate-General of Belgium in Istanbul
and the Center for Migration Research at İstanbul Bilgi University
cordially invite you to a symposium
on
“50 Years of Turkish-Belgian Migration History”

16 May 2015, Saturday
İstanbul Bilgi University, **santral**istanbul Campus, E1-301

The Belgian Consulate-General in Istanbul and the Center for Migration Research at Istanbul Bilgi University, with collaboration of the Turkish-Belgian Friendship and Cultural Association, invite you to an academic one-day symposium on 50 years of migration history, which Belgium and Turkey share since the bilateral labour agreements were signed on 16 July 1964.

The present symposium aims to facilitate the dialogue and the further development of a network in the field of migration studies by bringing together Turkish and international academics as well as artists with a migration background. It investigates key issues and themes of Belgian-Turkish migration by looking at the legal and social history, national and European policy, the present cultural diversity, identity and ethnicity, transmigration and return migration, as well as artistic responses and perceptions in film, literature, visual arts and theatre. Hence, the symposium aims to contribute to the debates about the sociological memory that binds Turkey and Belgium for over 50 years.

Symposium Program*

- 09.00-9.30 *Registration*
- 9.30-10.00 Brief Introduction by Pieter Verstraete, Hacettepe University
